

NOTICE TO PORT USERS AND TENANTS

CYCLISTS ON PORT ESTATES

Once again I have received reports concerning the conduct of cyclists on port estates. A number of people have been observed riding bicycles with no working lights and there have also been several incidents of riders without high visibility clothing.

As the darker mornings and evenings are fast approaching, would tenants please remind their staff of basic safety measures to ensure their wellbeing.

Your co-operation is greatly appreciated.

Sean Sullivan,
Head of Safety,
ABP, South Wales.
