As part of the ongoing works ABP are carrying out on the East entrance to the port estate (Rover Way) to enhance the security of the port the East gate will be closed to all road traffic during the above period.

During this period, the West gate will be open for port users to access and egress the port. Following this closure the East gate will re-open and the single lane management system will continue to be in place, controlled by traffic stop-go boards throughout.

ABP apologise for any inconvenience that these essential works cause and appreciate your co-operation in adhering to the traffic control measures.
