

Associated British Ports South Wales

NOTICE TO MARINERS.

NO 29 of 2022

Newport Dock Maximum Dock Water Draft Change

Mariners, Shipping Agents and Customers are advised that following a recent dredging campaign the Maximum Newport Dock Water draft has increased to 10.3m with immediate effect.

The above remains at all times subject to existing tidal parameters based on the predicted tide heights and advertised stemming allowances and also any existing and advertised individual and named berth maximum draft parameters that are already less than 10.3m Details are published in the Newport acceptance tables on the South Wales Ports website.

Please contact Cardiff LPS if any clarification needed and in any case to obtain usual marine acceptance for larger vessels.
