## NOTICE TO MARINERS.

NO 33 of 2021

### Critical Maintenance Works East Inner Knuckle, Newport Docks

Dear valued ABP customers and stakeholders.

Please be advised that critical maintenance works to the East Inner knuckle, Newport Docks will commence on Monday July 19<sup>th</sup> 2021, with an expected completion by the end of November 2021.

Works will accommodate shipping requirements with the south lock remaining operational to full parameters throughout. The programme will require periodic and modest dock water level lowering. These lowering's will be planned for neap tide periods and minimal overall impact on operational windows.

During the works period there may be some localised adjustments required to optimal lock operation timings to accommodate critical phases. Cardiff LPS will be able to advise short term on operational requirements.
