

Associated British Ports South Wales

NOTICE TO PORT USERS AND TENANTS

NO 3 of 2025

Port of Newport

Port users and tenants are advised that new level crossing barriers have been installed along Eastway Road, Newport Docks. This will be going live on Thursday January 23rd 2025 at 1600hrs.

The existing warning lights and alarm will still be in place, 30 seconds after this the barriers will be activated and lower into place until the train has passed, then they will raise again.

For pedestrians walking along the Southern section of Eastway Road between the barriers when the alarm sounds, a refuge point off the road has been created to provide a designated safe place to wait whilst the train clears the crossing.

All port users and tenants are asked to observe this new procedure which has been introduced as a result of increased rail movements on the Port estate. Please be patient and do not attempt to “beat” the barriers under any circumstances.

Name : Matthew Moore

Date : 21/01/2025

Any Queries, please contact ABP on 02920 835023
