

Associated British Ports South Wales

NOTICE TO MARINERS.

NO 27 of 2025

Cardiff QA Lock Outer Cill Obstruction

Due to an obstruction on the outer cill the outer gates are only being operated for certain vessels, and will remain in the recess at all other times. Locking operations are still being restricted to 2 hours before and 2 hours after High Water during work to clear the obstruction.

Mariners are advised to keep vessels' speed and engine use to a minimum while passing over the outer cill.

Diving operations will be taking place again from Monday May 19th 2025 until further notice, and Mariners are advised to liaise with Cardiff Lock Control on VHF CH68 to confirm divers are clear of the water before entering the Wrach Channel.
